

Virtual world - reality and opportunities in virtual space (workshop)

Alen Piljak

Virtual reality is something really new. Is it here to stay or be forgotten like tamagochi or 3d tv? Join us in exploration of virtual worlds as we fly through virtual space using our phones and 100g of cardboard.

Alen Piljak is tech entrepreneur and educator, organizer of FIRST Lego League in Serbia, Petnica (research incubator for youth) lecturer, avid gamer and father.
